## **Environmental and Sustainability Policy**

### **1 Aims and Objectives**

- 1.1 It is the policy of AECL to maintain an Environmental Management System designed to meet the requirements of ISO14001:2015 in pursuit of its primary objectives.
- 1.2 Based on legal requirements, which are listed in document 9999\123, AECL is committed to maintaining and improving the economic and social wellbeing of its entire staff.
- 1.3 It is also committed to contributing towards a sustainable safe and high quality environment in the areas where project sites are based.
- 1.4 This commitment is firmly grounded in AECL's environmental policy statement that sets out the aims and objectives for improving the environment.
- 1.5 The policy's overall aims are to:
  - Pursue and encourage environmental sustainability
  - Meet our legal obligations
  - Work in partnership with relevant suppliers and parts of the community to promote environmental sustainability.
- 1.6 To meet these aims, AECL will carry out the following:

### **2 AECL 's Contribution**

- 2.1 Mimimize its own emissions of air pollution.
- 2.2 Mimimize the consumption on non-renewable resources and encourage their replacement with renewable resources.
- 2.3 Mimimize the amount of water used.
- 2.4 Use safe and economic services for recycling, refuse collection, cleansing and waste disposal. Promote waste minimisation at all AECL sites including re-use, repair and recycling.
- 2.5 In conjunction with the Landlords to maximise energy efficiency in the design, maintenance and operation of AECL sites.
- 2.6 Review, mitigate and manage environmental impact in relation to the services provided to clients. This is undertaken within the framework of management reviews and the Environmental Action Plan.
